

Become a Friend of the Barrington Public Library

Who are the Friends and Why Should You Join Them?

The Friends of the Library are people who value their local library and want to lend their support in some way. Friends share a common belief that a thriving public library is a valuable community asset that must be nourished and supported to meet its mission.

In addition to supplementing the resources available at the Library, Friends enjoy some personal benefits as well. Your Friends membership card entitles you to extended loan periods, and half-price copy and fax services. And most important of all, Friends gain new friends in town who share similar interests and have fun working together.

Everyone is welcome to join, whether you can donate a few hours a month, or can only contribute your annual membership fee, but want to be informed about library activities.
